Dear Alumni and Friends

THE 2012 RICE TRAVEL/STUDY PROGRAM BEGINS IN JANUARY WITH THE VOYAGE OF A LIFETIME — AROUND THE WORLD IN 22 DAYS BY PRIVATE JET — AND ENDS IN DECEMBER WITH A TRIP TO BAVARIA AND AUSTRIA FOR AN OPPORTUNITY TO PARTICIPATE IN A CENTURIES-OLD TRADITION — HOLIDAY SHOPPING AT FESTIVE CHRISTMAS MARKETS.

Travelers who prefer cruising will have the choice of a river trip through Germany with Rice history professor Lora Wildenthal; a journey through the Greek Islands and along the coast of Turkey; a fall cruise of the New England Islands and the Hudson River; a voyage along the coasts of Portugal, Spain, France and England; and a Baltic cruise with guest speakers Lech Walesa, former president of Poland, and Mikhail Gorbachev, former president of the Soviet Union.

Summertime trips in 2012 will include destinations with spectacular scenery and cool weather. Travel through the Canadian Rockies while staying at the most sought-after hotels and lodges; follow in the footsteps of Lewis and Clark in Montana and Idaho with John Boles, the William Pettus Hobby Professor of History; or visit Peru's perfectly preserved Inca citadel, Machu Picchu.

Two additional itineraries include a journey through the provincial French countryside, with stays in charming rural inns and small country hotels, and a trip to China and Tibet with James A. Baker III Institute of Public Policy Fellow Steven Lewis.

After reviewing next year's offerings, please complete and return the form at the back of this catalog so that you are assured of receiving additional information about the trips that interest you. Or, if you prefer, you may complete the form online at <http://alumni.rice.edu/travel>.

We look forward to welcoming past travelers on one of our 2012 tours, and if you have never traveled with us, consider joining your fellow alumni for one of these educational opportunities and for the experience that comes with Rice learning and travel.

Sincerely,

Rose Sundin
Associate Director

This unique program features a seven-night cruise with port stops in Portugal, Spain, France and England. Among the destinations on this itinerary are three UNESCO World Heritage sites: Oporto, Portugal, known for its stately architecture and picturesque harbor with distinctive "barcos rabelos," boats that once carried barrels of port wine along the Douro River from the vineyards to Oporto, and are now used to carry tourists; the exquisite monuments of Santiago de Compostela, Spain, renowned as one of the three most prestigious pilgrimage destinations of medieval European Christendom;

and Oviedo, the beautiful capital city of the Asturias region of Spain.

Other included tours are a visit to Spain's world-famous Guggenheim Museum in Bilbao; a scenic drive along the picturesque Côte Sauvage, "the wild coast", on Belle-Île-en-Mer, France; and an excursion in Guernsey, Channel Islands, United Kingdom, to the 18th-century Sausmarez Manor, known for its exotic garden and priceless collection of tapestries, sculptures and portraits of historic figures.

Central European Experience

MAY 2-14, 2012

Avalon Waterways European river cruises have become a favorite among Rice alumni. Our next cruise will be on the 134-passenger Luminary built in 2010. Our trip begins with a stay in Paris prior to boarding the high-speed TGV train for a swift and comfortable journey to Metz, and continues with a drive to Remich in the Grand Duchy of Luxembourg, where the Luminary will dock on the Moselle River.

The entire Moselle Valley is famous for its beautiful and tranquil scenery and for its wine-growing region. Port visits include Trier, the oldest city in Germany; the charming wine

village of Berncastel; and the quaint town of Cochem with its Reichsburg Castle.

Situated at the confluence of the Rhine and Moselle Rivers, 2,000-year-old Koblenz is the cultural and business center of the Middle Rhine region. The dramatic Rhine Gorge is the most beautiful stretch of river, and Rudesheim is the perfect example of a Rhine Valley wine town. Located on the Main River, Miltenberg is a picturesque Bavarian village that thrived on income from river traffic. Its cultural affluence is reflected in the beautiful medieval and Renaissance houses. Known as the "Pearl of the Romantic Road," Würzburg is surrounded by sloping hills covered with vineyards, and Bamberg is a beautiful UNESCO World Heritage site.

Travelers will disembark in Nuremberg and travel by motor coach to Prague for the last two nights of the trip.

Starts at approximately \$3,930 per person (based on double occupancy), plus airfare

Price includes an early booking discount.

Changing Tides of History: Cruising the Baltic Sea

MAY 28-JUNE 8, 2012

Join your fellow alumni and friends on a cruise of the Baltic Sea and seize a rare opportunity to meet Nobel Laureates Mikhail Gorbachev, former president of the Soviet Union, and Lech Walesa, former president of Poland. The itinerary begins with a one-night stay in Copenhagen, Denmark, before boarding the MS Le Boreal for an eight-night cruise from Copenhagen to Stockholm, Sweden. Ports include three UNESCO World Heritage sites: Riga, Latvia, Tallinn, Estonia, and St. Petersburg, Russia.

The ship will be docked for three days in St. Petersburg, giving travelers time for both included and optional tours. A

specialty arranged, early-opening entry to the world-renowned State Hermitage Museum is included. In Helsinki, Finland, excursions will include a visit to one of the city's most popular tourist attractions, Temppeliaukio Church; a private concert at the Sibelius Academy, one of the largest music universities in Europe; and a drive along the old fortifications of Suomenlinna, a UNESCO World Heritage site. The final night of the trip will be spent in Stockholm, Sweden.

The MS Le Boreal offers the luxurious amenities of a fine hotel, and most of the ship's accommodations feature private balconies. Best of the Canadian Rockies

JULY 8–15, 2012

This weeklong journey through Western Canada has it all — from a talk with a wildlife expert in Jasper National Park, to experiencing the majesty of Lake Louise, to spotting bighorn sheep, to riding an Ice Explorer vehicle across the surface of a glacier, all while enjoying breathtaking scenery and staying in historic hotels and lodges.

The itinerary begins in Calgary, located on Canada's prairie, but quickly moves to the foothills and front ranges of the Canadian Rocky Mountains. Included in the itinerary are three of the most beautiful lakes in North America: Emerald Lake, set

among soaring mountain peaks in Yoho National Park; crystal-clear Moraine Lake, nestled in the Valley of the Ten Peaks; and finally Lake Louise, located at the foot of Victoria Glacier.

A drive along Icefields Parkway, considered by many to be the most spectacular stretch of highway in the Canadian national parks system, will take you to the heart of Jasper National Park, a photographer's paradise.

While in Jasper, you may explore the park through a number of included activities, such as walking tours, a whitewater rafting trip or a tramway tour of the alpine tundra.

In Banff National Park, crown jewel of the Rockies, travelers will climb up the surface of a glacier aboard an Ice Explorer vehicle and learn about its geological features. You will also have a free day to explore the premier resort town of Banff.

Lewis and Clark in Montana and Idaho

JULY 18–28, 2012

Photographs: Montana Office of Tourism

In 1804, a small band of men led by Captain Meriwether Lewis and Captain William Clark set out on one of the greatest scientific expeditions ever undertaken: to explore and map the American West from St. Louis to the Pacific. Our customized itinerary retraces one of the most interesting and challenging parts of the Lewis and Clark expedition.

It begins with a leisurely two-and-a-half day canoe journey through the heart of Upper Missouri River Breaks National Monument. Travelers have a choice of riding with expert guides or paddling their own canoe. Picnic lunches are served on shore,

and each evening a comfortable, tented camp will await your arrival. After a dinner prepared by camp chefs, join in lively discussions based on readings from expedition journals.

On other days, you will retrace (by private bus) the arduous monthlong, 18-mile portage around the Great Falls of the Missouri; follow the expedition's route upriver to the famous Gates of the Mountains; travel along the Jefferson River to Beaverhead Rock, a landmark associated with Sacagawea, the legendary Shoshone woman who was a central figure on the expedition; trek in four-wheel-drive vehicles up and over Lemhi Pass, which straddles the Continental Divide, and walk a portion of the trail; raft down the scenic and gentle Salmon River to retrace Clark's critical reconnaissance route; and walk or ride horses along the wild and rugged Lolo Trail, after which you can enjoy a relaxing soak in the pools at Lolo Hot Springs.

Machu Picchu Explorer

JULY 27–AUG. 6, 2012

Immerse yourself in the myths, legends and history of the Incas on this 11-day journey in Peru, which includes an option for travelers to either hike the Inca Trail on a fully supported four-day trek or one-day hike, or to take the train to Machu Picchu. The choice is yours.

Begin with a day in the beautiful colonial town of Cusco followed by four nights in the Sacred Valley of the Incas, a fertile valley lined with picturesque Andean markets, colorful artisan villages, impressive churches and remarkable Inca ruins. Visit the ruins of Pisac, bargain with local craftsmen

in the town's famous textile market, and visit a local ceramic artist's studio. Take a walking tour of Ollantaytambo, a charming town that retains the street plan of the original Inca town, making it the best surviving example of Inca urban planning.

Travelers who opt to take the train to Machu Picchu will have the opportunity to walk through the rustic High Andean village community of Patakantha and spend some time with local school children; take in the spectacular scenery en route to the village of Chinchero; and tour the Inca farming terraces of Moray and salt mines of Maras. Travelers will marvel in awe at the perfectly preserved Inca citadel that was lost in the dense jungle for hundreds of years.

Don't miss this chance to visit Peru, a country full of mystery, intrigue and the ancient culture of the Inca.

Provincial French Countryside

AUG. 29–SEPT. 12, 2012

Experience the beauty, allure and hospitality of provincial France. Anchored by stays in vibrant Toulouse and enchanting Paris, the journey features the remote Dordogne, the lovely Loire Valley and historic Normandy, with stays in charming rural inns and small country hotels. We will tour medieval Carcassonne, with Roman battlements and ramparts dating to the 1st century, and Albi, the hometown of artist Henri Toulouse-Lautrec, as well as an ancient fortress now housing a museum devoted to the artist's works.

The rugged, unspoiled countryside of the Perigord region

and the Dordogne Valley is home to the prehistoric paintings at Lascaux and to Rocamadour, a revered pilgrimage site and medieval village. The many chateaux in the Loire Valley were built as fortresses to keep intruders out, and travelers will visit Chenonceau, the Renaissance masterpiece considered the most romantic chateau of all.

In Normandy, we will stop at the famed Gothic Abbey, Mont-St-Michel; see the 1,000-year-old Bayeux Tapestry, depicting the exploits of William the Conqueror; and spend an inspirational day at the D-Day landing beaches and the American Cemetery overlooking Omaha Beach.

We will visit the picturesque port of Honfleur before continuing on to Giverny and the home and gardens of Impressionist artist Claude Monet. Our final day will be spent in Paris.

A post-tour extension in Paris will be available.

Islands of Antiquity

SEPT. 2-17, 2012

For mouthwatering natural beauty and outstanding archaeological sites, there are few journeys in the world that can compare with a cruise of the Greek Islands and the coast of Turkey. It is here that much of the history of western civilization has been played out. After a two-night stay in Athens, we will board the 350-passenger Aegean Odyssey, charting a course through the sun-washed islands of the Mediterranean and delving into the storied history of the Greek and Turkish civilizations. This expertly planned itinerary features excursions to the ancient city of Mycenae and to the lower town and fortress of

Monemvasia, a massive rock rising from the sea and joined to the mainland only by a causeway, known as the the Gibraltar of Greece. A stop in Crete allows us to visit the Minoan site of Knossos.

The Greek Islands of Rhodes, Delos, Mykonos and Samos are next on the itinerary before arriving on the Turkish coast for visits to Ephesus, the eastern Mediterranean's best-preserved classical city; Aphrodisias, the ancient city two-and-a-half times larger than Pompeii, named after Aphrodite, the Greek goddess of love; Gallipoli, scene of one of the most tragic campaigns of World War I; and Istanbul.

Our final day will be spent cruising past the stunning landscape of Mount Athos, the world's oldest surviving monastic republic, and visiting the picturesque town of Skiathos, Greece, before arriving in Athens for the flight home.

Starts at approximately \$4,495 per person (based on double occupancy), including airfare from selected cities

Fall Foliage in the New England Islands and on the Hudson River

SEPT. 29-OCT. 6, 2012

As summer wanes and the last of the tourists depart, the islands of Nantucket and Martha's Vineyard only become more beautiful, with leaves turning orange, crimson and yellow. Our seven-night cruise aboard the newly refurbished 130-passenger Yorktown begins with a full-day visit to Nantucket, one of the premier destinations along the eastern seaboard, where seaside cottages and old-fashioned lamps still illuminate the streets. Named a National Historic Landmark District, the island has retained much of its 17th-century architecture. More than a century ago, Martha's Vineyard was one of the world's most important whaling centers.

Today its picturesque landscape of fishing villages and beautiful beaches is home to local, summertime and celebrity residents.

Back on the mainland, travelers will revel in the delightfully charming New England towns of Old Saybrook, located at the mouth of the Connecticut River, and Essex, called "the best small town in America."

The second half of this fall cruise is along the Hudson River and includes excursions to Kykuit, home to four generations of Rockefellers, whose mansion and surrounding grounds is a National Trust for Historic Preservation site; the Franklin D. Roosevelt Presidential Library and Museum; and some of the Hudson River Valley's most prominent art museums. Travelers will also visit the grounds of the United States Military Academy at West Point, whose sprawling campus has been designated a National Historic Landmark.

An optional two-night extension will be offered in New York City.

Classical China and Wonders of Tibet

OCT. 19–30, 2012

Steven W. Lewis of the James A. Baker III Institute for Public Policy has accompanied groups to China with us many times, but this is the first time we have included Tibet on our itinerary. We begin with a stay in Beijing, where we will visit the Forbidden City, Temple of Heaven and the Great Wall as well as the picturesque Houhai district, where many old courtyard homes are preserved amid narrow “hutong” alleys bordering tree-lined lakes.

Sightseeing in and around Lhasa, Tibet, includes the Potala Palace, once the abiding symbol of Tibetan Buddhism and the

seat of government and winter residence of the Dalai Lama; Norbulingka, the Dalai Lama’s former summer residence constructed in the 18th century and a masterpiece of Tibetan architecture; Jokhang Temple, Tibet’s holiest shrine; Sera Monastery, one of the three great monasteries of the Gelukpa sect; and Drepung Monastery, the largest monastic complex in Tibet.

Other cities on our China itinerary are Chengdu, capital of Sichuan Province and one of the most important economic, transportation and communication centers in western China; Hangzhou, renowned for its historic relics and natural beauty; and modern Shanghai, for the final two days of our trip.

An optional pre-tour extension to Chengde Summer Palace is available as well as post-tour extensions to either Xi’an, with a Yangtzi River cruise, or a visit to the Huang Mountains and Huizhou Culture.
