About the REA

The Rice Engineering Alumni (REA) organization is dedicated to supporting the George R. Brown School of Engineering and serving its alumni in their efforts to give back to Rice and to continue the Rice traditions of value and excellence. The REA facilitates intellectual and social interaction among Rice alumni, students, faculty, and staff; sponsors continuing lifelong learning for engineering alumni; and recognizes outstanding students, faculty, and alumni. Formed in 1938, the REA is the oldest alumni special interest group at Rice.
